

Important2Know 2024: Recording Available on Teradata University

Teradata Customer Education Team would like to take a moment to express our sincere gratitude for your participation in our **Important2Know 2024 Training**. Your presence played a crucial role in making this Virtual Instructor Led Training a resounding success. Your engagement and enthusiasm were truly inspiring. Hence, we have made the recording of the training available on [Teradata University](#) for the benefit of all.

Also, make sure to explore more of our trainings. ENJOY LEARNING!

Teradata Vantage SQL for Business Users - Now on Teradata University

We are pleased to announce that [Teradata Vantage SQL for Business Users with Hands-On Labs \(WBT, Level: Fundamentals\)](#) and [Teradata Vantage SQL for Business Users \(Assessment\)](#) is now available on Teradata University.

Designed for the Business User of the Teradata Vantage with little or no previous SQL experience, this course provides an overview of the Teradata architecture as well as the features and benefits. The student will get lots of practical, hands-on experience with retrieving and manipulating data using both ANSI standard conventions and Teradata extensions to the language. This class is a combination of most important topics from Teradata Vantage SQL Basics.

Live Demo: Boost Data Science Productivity with Scalable AutoML and Code Automation

Data scientists are the innovation pioneers in an AI-driven world, where maximizing productivity isn't just a goal—it's a necessity to drive business value. Despite this pivotal role, data science teams encounter significant challenges like inefficient data preparation, manual machine learning (ML) processes, complex AI operationalization, and a daunting learning curve.

Join this live demo to see how [Teradata VantageCloud](#) and [ClearScape Analytics™](#) can help you streamline data preparation and optimize ML workflows so you can deliver impactful insights to maintain your competitive edge.

During the demo, you'll see how VantageCloud can help you:

Perform complex data processing tasks directly within the database, bypassing common issues like data versioning, synchronization, and latency

- Maintain fresh datasets and improve reusability in a centralized, model-independent repository for model accuracy and timely decision making
- Retrieve past states of datasets, ensuring traceability and accountability in your projects
- Quickly identify optimal models using AutoML
- Automatically generate ClearScape Analytics code via a user-friendly interface

Date: Wednesday, July 17 8 a.m. PT | 11 a.m. ET | 3 p.m. GMT | 4 p.m. BST (UK)

Get hands-on with analytics and AI/ML at Possible 2024

Discover how to deliver harmonized data and Trusted AI across your organization with workshops including:

- ClearScape Analytics™: Experience end-to-end lifecycle management, including data prep and feature engineering, model training, model operationalization, and more.
- Teradata VantageCloud Lake: Learn the VantageCloud Lake architecture, practical guidelines for using the console, and how to leverage open table formats.

These workshops are designed for practitioners like you. Don't miss this opportunity to deepen your technical skills so that you can move from insights to outcomes, quickly and securely. Early bird pricing now available!

Upcoming Virtual User Group (VUG) Live Sessions for July

We express our sincere gratitude to all of you who enrolled and successfully completed our Virtual Online Class sessions recently. Your active participation has been truly remarkable, and we're excited to share more exciting opportunities with you. Please login into [Teradata University](#) to explore more courses.

Register to below upcoming sessions:

- [Teradata VUG: ClearScape Analytics including AI & ML - Boosting Data Science Productivity with Scalable AutoML & Code Automation - Product Live Demo](#)
- [Teradata VUG: Business Intelligence - The importance of Data Governance in Modern Cloud Data Ecosystems](#)
- [Teradata VUG: Teradata 101 + Toolkit - Explain the Explain for Advanced users](#)
- [Teradata VUG: ClearScape Analytics including AI & ML - What's new in Vantage 17.20 – Data Science Capabilities](#)

Those of you who may have missed some sessions or want to revisit the valuable content can now access all the class recordings on demand on our [Teradata Virtual User Groups \(VUG\) workspace](#). Feel free to listen to the recordings at your convenience.

- [Teradata VUG: Teradata 101 + Toolkit - The Connected Analytics Architecture a 101 session](#)
- [Teradata VUG: Teradata 101 + Toolkit - The Connected Data Products Architecture, a deeper dive](#)
- [Teradata VUG: Vantage Design & Administration - Moving from Teradata Vantage On-Prem or DIY to VantageCloud Lake](#)
- [Teradata VUG: Vantage Design & Administration - Time Travel: Temporal Tables in Teradata Vantage](#)
- [Teradata VUG: ClearScape Analytics including AI & ML - Preparing your data for effective model building](#)

For any further questions or assistance, please don't hesitate to reach out Coordinator.CustomerEducation@Teradata.com

Hands-on Virtual Classes in 2024

Find a class in your time zone, and check back for added sessions:

[View Public Schedule →](#)

* Virtual Instructor-Led classes are live with hands-on labs and have an associated cost.

For scheduling, pricing, or to inquire about a different class, please contact customer.education@teradata.com
