

Developer

I research, test, design, and implement programs. I test and evaluate new programs as well as identify areas for modification and efficiency in existing programs. I need to know how to write and implement code. I'm also known as: API Developer, App Developer, Application Engineer, or Full Stack Developer

Tailored for you, the Developer subscription includes several hours of on-demand content that will help you build your skills to unlock the power of data.

Select this subscription if you want to learn about Teradata SQL and SQL Extensions, time series analytics, tuning, and other topics and tools that are critical to excelling in your role..
